

## FCCLA Planning Process Summary Page

### IDENTIFY CONCERNS

Our concern for this project is that we want to raise awareness for child trafficking. Using "Families First" we will tell parents and guardians ways they can keep their children safe.

### SET A GOAL

Our goal is to have a 4 to 5 minute video informing families about child trafficking and how important it is to keep your children safe.

### FORM A PLAN (WHO, WHAT, WHEN, WHERE, HOW, COST, RESOURCES, AND EVALUATION)

Who: Anna Beth Stewart, Pressley Slaton, and Nevaeh Foster will be doing this project.

What: We will be sharing a video about child trafficking and interviewing people in our community with firsthand knowledge regarding child trafficking.

When: During the months of September and October.

Where: We will be working on our project at Alexandria High School.

How: We will research child trafficking to learn the facts, statistics, and prevention tactics used to keep children safe.

Cost: The only expenses we will face are time, effort, and determination. Due to our research based project our need for extra supplies is very limited. We believe that you do not have to spend money to make others aware of everyday struggles.

Resources: Our research will come from credible online articles, members of our community impacted by this worldwide affair, and any other first hand encounter accessible in our library. We will then make a bibliography page on all the sources we used.

Evaluation: During the time we worked together on this project we believed we worked well together and in a timely manner.

### ACT

Using members in our community we will create a five minute video on the dangers of child trafficking. We will interview them and find out ways to keep children safe.

### FOLLOW UP

We believe we met our goal of informing families about child trafficking and ways to keep children safe. To improve this project we would enhance the video quality and work together properly. We would like to thank our FCCLA sponsor/FCS teacher for providing more information on the National Program "Families First"
