

2023-2024 White Plains Elementary ACIP Plan

White Plains Elementary School

Vision

Our vision is that we will be one school, working as one team, towards one goal which is the success of our students.

Mission

To share commitment to instructional goals ensuring student's growth, academic success and becoming effective citizens.

Beliefs

We believe that all students, given the support of parents, teachers and each other, can demonstrate growth and success in a safe and secure environment. As we prepare daily, adjust our attitude, work hard and show respect, our students continue to achieve and prepare themselves for the future.

Student Learning

Objectives

- Increase academic achievement and growth

Critical Initiatives

- Engage students in college and career ready standards, instruction, and assessments to impact instructional growth
- Implement student interventions and student supports to increase achievement and remediate mastery of skills.

Professional Learning

Objectives

- To provide teachers/staff with professional learning opportunities that support instruction.

Critical Initiatives

- Collaborate through a variety of professional learning opportunities at the local school, district level and beyond to plan, support and design instruction for students.
- Participate in data meetings and collaborative planning that focuses on student growth and achievement.

Learning Supports

Objectives

- Provide students and staff with a safe and supportive learning environment.

Critical Initiatives

- Increase the use and application of technological tools for instruction, assessment and communication with students and stakeholders.
- Implement early warning attendance procedures to encourage daily attendance for all students while partnering with community-based supports
- Promote an engaging learning environment with positive interactions, social emotional learning and classroom management throughout the school with students and stakeholders.
- Provide opportunities to encourage parents gain knowledge

Critical Initiatives

Critical Initiatives

Critical Initiatives

about and participate in their student's success at White Plains Elementary School.
