

8 Steps to Filling Out the FAFSA® Form

1. Create an account (FSA ID).

- **Student:** An FSA ID is a username and password you need to sign the FAFSA form online. If you don't have an FSA ID, get an FSA ID here ASAP. It takes about 10 minutes to create an FSA ID. If this will be your first time filling out the FAFSA form, you'll be able to use your FSA ID right away to sign and submit your FAFSA form online. If this is not your first time filling out the FAFSA form, you may need to wait one to three days for the account verification process before you can use your new FSA ID to renew your FAFSA form and sign it online.
- **Parent:** If your child is required to report parent information on the FAFSA form, you need to create your own FSA ID in order to sign your child's FAFSA form online. Create an FSA ID here. Parents are able to use their FSA IDs right away.

IMPORTANT: Some of the most common FAFSA errors occur when the student and parent mix up their FSA IDs. If you don't want your financial aid to be delayed, it's extremely important that each parent and each student create his or her own FSA ID and that they do not share it with ANYONE, even each other.

2. Start the FAFSA® form at fafsa.gov.

The 2018–19 FAFSA form is now available! Even if your state and school deadlines aren't for a while, you should complete the FAFSA form as soon as possible because some states and schools run out of financial aid early and have limited funds for financial aid. Don't wait until the last minute to apply!

Go to fafsa.gov or click on the button below to get started.

NEED HELP?

Choose which FAFSA form you’d like to complete:

- **2018–19 FAFSA form** if you will be attending college between July 1, 2018, and June 30, 2019.
- **2017–18 FAFSA form** if you will be attending college between July 1, 2017, and June 30, 2018.
- **Both:** If you will be attending college during both time periods and haven’t completed your 2017–18 FAFSA form yet, complete that first, wait one to three days until it processes , then go back in and complete the 2018–19 FAFSA form.

TIP: If you are given the option to complete a “renewal” FAFSA form, choose that option. When you choose to **renew** your FAFSA form, your demographic information from the previous year will roll over into your new application, saving you some time.

Remember, the FAFSA form is not a onetime thing. You must complete a FAFSA form for each school year.

Create a save key.

- Unlike the FSA ID, the save key is meant to be shared. A save key is a temporary password that allows you and your parent(s) to “pass” the FAFSA form back and forth. It also allows you to save the FAFSA form and return to it later. This is especially helpful if you and your parent are not in the same place.

3. Fill out the Student Demographics section.

This is information such as your name, date of birth, etc. If you have completed the FAFSA form in the past or if you log into the FAFSA form with your FSA ID, a lot of your personal information will be prepopulated to save you time. Make sure you enter your personal information exactly as it appears on your Social Security card. (That’s right, no nicknames.)

Parents: Remember that the FAFSA form is the student’s application, not yours. When the FAFSA form says “you” or “your,” it’s referring to the student. Pay attention to whether you’re being asked for student or parent information. When in doubt, the banner on the left side will indicate whether you’re on a student or parent page.

The screenshot shows the 'Student Tax Information' section of the FAFSA form. A vertical banner on the left side of the page is labeled 'STUDENT'. The page has a navigation bar at the top with tabs for 'Student Demographics', 'School Selection', 'Dependency Status', 'Parent Demographics', and 'Financial Information'. The main content area includes a message: 'Attention! You must provide financial information from your 2016 tax return on the following pages.' Below this, there are two status messages: 'Application was successfully saved.' and 'For 2016, have you completed your IRS income tax return or another tax return? (Already completed.)'. There are also questions about the 2016 tax filing status and whether a Puerto Rican or foreign tax return was filed. At the bottom, there is a 'LINK TO IRS' button and a footer with 'NEED HELP?', 'SAVE', 'CLEAR ALL DATA', 'VIEW FAFSA SUMMARY', and 'EXIT' buttons.

The screenshot shows the 'Parent Tax Information' section of the FAFSA form. A vertical banner on the left side of the page is labeled 'PARENT'. The page has a navigation bar at the top with tabs for 'Student Demographics', 'School Selection', 'Dependency Status', 'Parent Demographics', and 'Financial Information'. The main content area includes a message: 'Application was successfully saved.' Below this, there are questions about the 2016 tax filing status and whether a Puerto Rican or foreign tax return was filed. At the bottom, there is a 'LINK TO IRS' button and a footer with 'NEED HELP?', 'SAVE', 'CLEAR ALL DATA', 'VIEW FAFSA SUMMARY', and 'EXIT' buttons.

4. List the schools to which you want your FAFSA® information sent.

In the School Selection section, **add every school you're considering, even if you haven't applied or been accepted yet.** It doesn't hurt your application to add more schools; colleges can't see the other schools you've added. In fact, you don't even have to remove schools if you later decide not to apply or attend. If you don't end up applying or getting accepted to a school, the school can just disregard your FAFSA form. But, you can remove schools at any time to make room for new schools. You can add up to 10 schools at a time.

5. Answer the dependency status questions.

In the dependency status section, you'll be asked a series of specific questions to determine whether you are required to provide parent information on the FAFSA form.

The dependency guidelines are set by Congress and are different from those used by the Internal Revenue Service (IRS). Even if you live on your own, support yourself, and file taxes on your own, you may still be considered a dependent student for federal student aid purposes. If you are determined to be a dependent student, you'll be required to report information about your parent(s). If you're determined to be an independent student, you won't have to provide parent information and you can skip the next step.

6. Fill out the Parent Demographics section.

This is where your parent(s) will provide basic demographic information. Remember that it doesn't matter if you don't live with your parent(s); you still must report information about them if you were determined to be a dependent student in the step above.

7. Supply your financial information.

Here is where you and your parent(s) (if applicable) will provide your financial information. This step is incredibly simple if you use the IRS Data Retrieval Tool (DRT), which returned with the 2018–19 FAFSA form on Oct. 1, 2017, with additional security and privacy protections added. The IRS DRT allows you to import your IRS tax information into the FAFSA form with just a few clicks. Using this

tool also may reduce the amount of paperwork you need to provide to your school. So if you're eligible, use it!

You'll also know which items have been transferred from the IRS because you'll see "Transferred from the IRS" in place of the answer fields. Please make sure to answer all other questions.

8. Sign and submit your FAFSA form.

You're not finished with the FAFSA form until you (and your parent, if you're a dependent student) sign it. The quickest and easiest way to sign your FAFSA form is online with your FSA ID.

Note: If you (the student) logged in to the FAFSA form with your FSA ID, you won't need to provide it again on this page, but if you're a dependent student, your parent will still need to sign before you can completely submit.

Sign and Submit Tips:

- If you or your parent forgot your FSA ID, you can retrieve the FSA ID.
- Make sure you and your parent don't mix up your FSA IDs. This is one of the most common errors we see, and why it's extremely important for each person to create his or her own FSA ID and not share it with anyone.
- Make sure the parent who is using his or her FSA ID to sign the FAFSA form chooses the right parent number from the drop-down menu. If your parent doesn't remember whether he or she was listed as Parent 1 or Parent 2, he or she can go back to the parent demographics section to check.
- If you have siblings, your parent can use the same FSA ID to sign FAFSA forms for all of his or her children. Your parent can also transfer his or her information into your sibling's application by choosing the option provided on the FAFSA confirmation page.
- We recommend signing the FAFSA form with an FSA ID because it's the fastest way to get your FAFSA form processed. However, if you and/or your parent are unable to sign the FAFSA form electronically with an FSA ID, you can mail in a signature page. From the sign and submit page, select "Other options to sign and submit" and then choose "Print A Signature Page." Just keep in mind that your FAFSA form will take longer to process if you go this route.

You're Finished!!!!
